#### **NEW: BASKETBALL PLAYER FRED**

Available in our [online store](#) for purchase in seven days!

This is my friend Fred; he and I were classmates. Fred was and still is smart, friendly, and very athletic. He played on our school's basketball team.

I loved going to our school's Varsity and JV games, and I was lucky enough to be able to travel to many of the away games. At one away game, two guys from the opposing school walked up to me and began to pick on me; it was not fun, and I could not get away from them. Suddenly, out of nowhere, a man's voice angrily ask, "What are you doing to my sister?" The two guys stopped crowding me and started to bully him. He stood his ground, and they soon bolted. That was the day My Friend Fred saved me from a bad situation and became my brother forever.
